

## London to Brighton Cycle Ride – Sunday 11<sup>th</sup> September 2022

Dear Resident

The 12th edition of the Skyline London to Brighton Cycle Ride on Sunday 11th September 2022 will see thousands of riders completing the challenging 55-mile ride from Clapham Common, through south London, Surrey, West & East Sussex to the Brighton finish on Madeira Drive - in the process raising over £1 million for a wide variety of good causes.

The event starts on Clapham Common at 06:00, with the first cyclist in Surrey by 06:30 and the last cyclist should be clear of your area by 14:30.

The route remains as last year where road closures will be in place on Hazelwood Lane, Markedge Lane, Rocky Lane, Cormongers Lane, Fullers Wood Lane and Clay Lane.

### **Resident & Business Access Only**

**06:00 – 13:00**

**Hazelwood Lane, Chipstead; Markedge Lane; Rocky Lane**

**06:30 – 13:30**

**Cormongers Lane; Fullers Wood Lane; Clay Lane**

The A25 will operate as normal with traffic light control holding vehicles periodically to allow riders to cross safely.

All other roads used by the event will remain available to traffic in both directions but will be busier than usual and travelling in the same direction as the cyclists may lead to delays. You may wish to take this into account if planning to travel through the area.

If you are walking on the route, please take extra care as the road will be busy with cyclists at peak times.

The full route is available here: <https://bit.ly/3GpiHXW> (case sensitive)

The route will continue through South Nutfield and use Crab Hill Lane to join Prince of Wales Road, travelling south via Outwood, Smallfield and leaving Surrey just before Copthorne Common Road.

The event then travels through Haywards Heath to give riders access to Brighton over the famous Ditchling Beacon climb, which will be closed throughout the day, following Lewes Road into Brighton as the cyclists head for Madeira Drive.

If you have any queries regarding the event, please email us at the address below.

Yours faithfully
